

Detachable Folding Powered Wheelchair

FreedomChair Model DE08L

With its clever detachable frame design, the DE08L separates into 2 sections with the heaviest part just 15.5kg. Yet it retains the classic sturdiness of FreedomChairs allowing active users up to 160kg to drive on uneven surfaces such as gravel, grass and cobblestones.

Suspension on front castors. Triple battery capacity up to 27 mile range.

Features

Seat Width: 18 inches (expandable)
User Weight Limit: 160kg
Drive Wheels: 12.5"

Motors: 2x 250W Continuous / 300W Peak
Batteries: 1, 2 or 3 can be fitted with up to 9 miles/battery

Joystick controlled, FreedomChairs are versatile powered chairs for both outdoor use and, being highly manoeuvrable, excellent indoors too. They fold incredibly easily and quickly and fit into most car boots and take up very little space indoors. They are great travel chairs for days out, cruises etc and a battery test certificate is available for airline travel. With ISO, CE & FDA approval, the chairs are superbly made and finished. FreedomChairs can be fitted with multiple batteries, doubling or even tripling the range up to 27 miles!
