Seat - Tilt

Fixed Tilt

Option code: MAG5984

Description: Our standard seat tilt option across all Magic mobility powered wheelchairs, manually adjustable via tools to 0, 3, 6 and 9°.

50 Degree Powered Tilt

Option code: MAG5127

Description: Provides 0 to 50° of infinite tilt adjustment controlled by the wheelchair input device. Provides users with the largest range of tilt for comfort, pressure care and postural needs, whilst maintaining their centre of gravity in the chair.

45 Degree Tilt and Lift

Option code:MAG5126

Description: Gives 0 to 30° of tilt adjustment and up to 30cm (12”) of seat lift controlled through the wheelchair input device.
Preserves the comfort, posture and pressure care advantages of tilt with a lifting feature for access and social interaction.
